*** If you are unsure of "Strongly Recommended" and "Recommended" Options, please check with Ms Kara.				
<p>Private Students Competing: Students who wish to compete in a soloist, duet or trio, must enrol for the corresponding group class. Upon requesting for a private lesson package, the office must confirm that the student is registered for a similar style class. The Strength & Turns in the appropriate level is also strongly recommended for this package.</p>				
<p>If your instructor feels that your class placement or level is incorrect after classes begin in September, he or she has the right to request a class change in order to best benefit the experience of each dancer and help your self improvement. This may mean moving up or down in level depending on the teacher's decision.</p>
